

A tensile fabric square coned gazebo with a timber frame

Amberley

- Wide range of fabric colours available
- Accessories include lighting & IR heating
- Custom designs include rectangular and multi-coned styles
- Warranted for ten years under tension
- ArcCan installation teams operate Worldwide

This stylish garden gazebo with its crafted timber frame and tensile fabric coned canopy has become a popular choice for garden designers creating entertainment space in private or commercial environments. Often specified as a seating area in a sensory garden or as a refuge in a woodland setting, the structure can be supplied in softwood, Oak or Iroko to blend in with the surroundings. Whilst rather understated in appearance, the Amberley has been engineered to high standards and will withstand extremes of weather throughout the year.

Specifications

Amberley

A tensile fabric square coned gazebo with a timber frame

Framework

Timber frame available in a variety of wood types and finishes with H/D tubular steel rafter spars zinc & powder coated to a RAL colour of choice, all fixings either stainless or galvanised steel.

Fabric

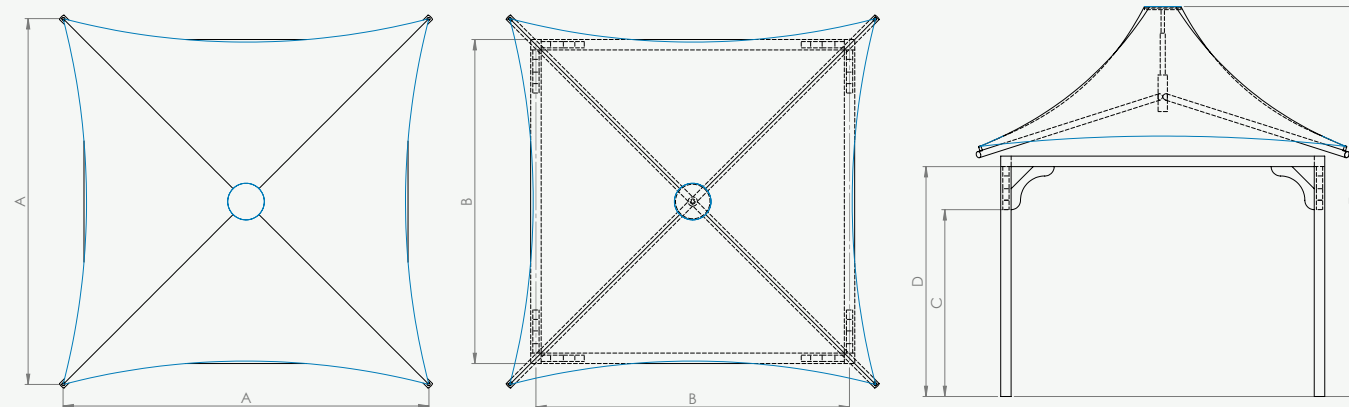

Architectural PVC coated polyester fabric, cut patterned and welded to form a shaped cone with H/D boundary webbing tensioned with a central S/S threaded push-up.

Foundations

We provide loading figures for your engineer to design foundations to suit local ground conditions. Typical details available on request.

Files

3D CAD models are available on request.

CODE	AMB35	AMB40	AMB50	AMB60
A	3.5	4	5	6
B	3.1	3.1	4.1	5.1
